

## HUNS WILL SIGN TREATY THURSDAY

(By Associated Press)  
Paris, June 24—Herman Mueller, the new German Foreign Minister, will head the German delegation to sign the peace treaty. The Germans will probably arrive in Versailles Wednesday. Premier Clemenceau went to Versailles today to inspect arrangements for the ceremony of signing the treaty, which may take place Thursday.

## HUNS STILL BEEFING

(By Associated Press)  
Berlin, Monday, June 23—Addressing the German national assembly at Weimar today, Premier Bauer, in reference to unconditionally signing the peace treaty, said the "defeated nation was being violated body and soul to the horror of the world. Let us sign," he continued, "but it is our hope to the last breath this attempt against our honor may one day recoil against its authors."

## Tax Commissioners Meet

(By Associated Press)  
Frankfort, Ky., June 24—Nearly every one of the hundred and eighteen County Tax Commissioners were present when their convention was called to order here today. They were welcomed by Gov. Black. Addresses by tax experts are on the program for the meeting which lasts thru Friday.

## Big Time in Paris, Too

(By Associated Press)  
Paris, Monday, June 23—High carnival reigned on the boulevards far into the night upon receipt of news that Germany would unconditionally sign the peace terms. Scenes enacted at the time of the armistice were repeated and intensified. Dense throngs swayed back and forth shouting, singing and waving flags. Other French cities, especially Lille, enthusiastically celebrated.

## Two Fliers Killed in Fall

(By Associated Press)  
Rye Beach, N. Y., June 24—Lieut. Shelley Watson, of Rogers, Texas, and civilian mechanic M. Ireland, of Westbury, were killed when their airplane fell several hundred feet here today. The machine caught fire and their bodies were incinerated.

## Huns Happy Over Peace

(By Associated Press)  
London, June 24—News of the German government's agreeing to sign the peace terms resulted in patriotic demonstrations throughout Germany, according to the Exchange Telegraph's Copenhagen dispatch. In Berlin, Munich, and other large cities, processions formed and marched along the principal streets, the participants singing war songs and cheering former Generals of the old empire.

## Too Late To Classify

## CLEMENCEAU TO RESIGN NORMAL TEACHERS ON PROGRAM

(By Associated Press)  
Paris, June 24—Premier Clemenceau expressed his intention to resign from office as soon as the treaty is promulgated, according to Marcel Hutin in the Echo de Paris. He feels that he has accomplished the task for which he assumed the Premiership.

## Start Work on R. R. Legislation

(By Associated Press)  
Washington, June 24—The first definite steps preliminary to the drafting of general railroad legislation were taken today by the Senate Interstate Commerce Commission in authorizing the subcommittee to draft a tentative bill. Chairman Cummins said he hoped to submit a measure within a month and that further hearings might be heard.

## TODAY'S HONOR ROLL

Died of Disease—Nathan Caulder, Lexington.  
Died from Accident—Price Rorark, Norton; Charlie Wright, Middle Creek.  
Wounded Severely—Jason Fugate, Ary; Clayton Hitt, Mt. Olive; Rufus Johnson, Paris.  
Slightly Wounded—Ernest Coker, Waynesburg; Thad Lake, Paint Lick.  
Wounded degree undetermined—Percy Young, Millsheld; Urban Butcher, Middlesboro; Charlie Garrett, Albany; Wm. Ferguson, Blue Lick.

## British Press Says Allies Must Be On Guard

(By Associated Press)  
London, June 25—British newspapers contend it to be premature to celebrate peace until the treaty is actually signed, voicing distrust of Germany. The papers assert the Germans proved treacherous during the war and even from this time forward, it is asserted, the allies must be on guard until the last penalty is paid.

## GILBERT RECOMMENDS NEW BOOK COMMISSION

(By Associated Press)  
Louisville, June 24—State Superintendent V. O. Gilbert addressing the Kentucky Educational Association here today, recommended that a new Text Book Commission be appointed composed of the State Board of Education, one member from the University of Kentucky, one member from each of the State Normal Schools, one county superintendent and one high school principal. He would have the State Board of Education appoint this commission.

## "Cyclops" Turns Up Again

Columbia, S. C., June 24—Another of many clues to the lost collier Cyclops, all of which have so far exploded, turned up here today when the mother of Otis Ramsey, seaman on the Cyclops, received a telegram from New York saying he is "safe in this country again," and that the missing vessel was in a German port. Officials thing the message a hoax.

## Former Kentucky Woman Dies in Rome

Louisville, June 24—Mrs. Wm. F. Draper, widow of General Draper, formerly ambassador to Rome, and daughter of General Wm. Preston, of Lexington, and sister of Mrs. George M. Davis, of this city, died Saturday in Rome, according to a cable dispatch published today. Mrs. Draper was advanced in years. The cause of her death was not stated.

## OF K. E. A. Meeting In Louisville This Week—President Coates To Speak Monday

President T. J. Coates, Dr. J. D. Bruner, Dr. S. S. Myers, Mrs. Mary B. Deane and Miss Pearl Johnson of the Normal School will appear on the K. E. A. program this week in Louisville.

President Coates is scheduled to speak Thursday morning before the Association assembled on the subject of "The Greatest Need in Education Today". President Coates spent six years in studying the needs of the schools of Kentucky before he became President of the Eastern Ky. Normal School. Since 1916 he has been trying to give the teachers of the state the very best that can be had in observation, method and practice. He has succeeded in establishing a great faculty and a great course of study at the Normal and his speech is to the point and will be printed in full in this paper later.

Dr. Bruner is Secretary of the Department of Higher Education. Dr. Frank McVey of the University of Kentucky is President of the Department. The program of this Department will be held this afternoon in the Red room of the Seelbach Hotel.

Dr. S. S. Myers is President of the Department of Music and will appear on the program of the Kentucky Music Teachers Association today. Dr. Myers has been recognized throughout the state as an authority on public school music and his ability is appreciated by those who are familiar with music. Richmond is fortunate to have a man of such prominence in the musical world as one of its citizens.

Mrs. Mary B. Deane and Miss Pearl Johnson will speak at the meeting of the Department of Geography. The Problem Method in Geography will be discussed.

## BIG WEEK AT NORMAL

Dr. Edwin Diller Starbuck, of Iowa State University, began his series of lectures at the Normal School this forenoon. The subject of his address was "What is Democracy?" It was a great address delivered by a master of speech. This afternoon at 3:30 he spoke on the subject, "The Worth of a Child." The series of lectures run throughout the week, in the forenoon at 9:30, in the afternoon at 3:30. The subject of his forenoon address Wednesday will be, "Prussianization of American Education;" of the afternoon address, "The Age of Imagination."

The people of Richmond and surrounding country are cordially invited to hear these masterly addresses which are given free in the chapel at the Normal.

## WEEK AT NORMAL FOR EVERY SCOTT TEACHER

As a substitute for the usual Tri-county Institute, the entire corps of Scott county white teachers will go to Richmond June 30th for a week's instruction and observation in the Eastern Kentucky State Normal School there, Supt. Mary Bradley announces.

The teachers will spend the week in the school observing and learning new ideas, devices, and methods of teaching. During the week the Scott County Board of Education will visit the school and observe the work of the Scott teachers. This is the first time that any county has sent its entire corps of teachers to a Normal School and excellent results are expected from the experiment, Miss Bradley says.

This is a step forward in rural school work, Miss Bradley says, "and in the near future we may expect our teachers to be in regular attendance at State Normal. Then, will the county work begin to grow and give the results that patrons expect. This is the right procedure for increased salaries. It is work commensurate with money expended."

"Should any teacher try to avoid attending State Normal next week, he or she will not be the live man or woman, Scott county wishes to have in charge of her children. No one can constantly give out instruction in the school room and remain up-to-date and abreast of the times without seeking new things to teach and a more interesting presentation of subjects."

"Knowing the Scott county teachers will be so busy next week, we will be glad to have them attend the Normal School."

"Knowing the Scott county teachers will be so busy next week, we will be glad to have them attend the Normal School."

## Columbia Professor in Charge of Exhibits at Methodist Centenary

PROFESSOR LA MONT A. WARNER of Columbia university is director of fine arts and designer of exhibits and scenery for the Methodist Centenary Celebration, in Columbus, O. June 20 to July 12. On plans which he laid down, the multitude of exhibits, domestic and foreign, have been arranged in the buildings in scenic effects, making them at once appropriate and effective.

Professor Warner had charge of world exhibits held in Boston, Chicago, Baltimore and Providence in past years, and has studied and worked abroad.

## SALVATION DRIVE STARTS OFF WELL

The Salvation Army drive for Madison county was formally opened Monday, and despite the rains of the day, the different captains and their committees starting the ball rolling and met with much success in soliciting funds for this worthy organization. The drive for \$6,000 in Madison county should be easily oversubscribed and Chairman Percy Reid and his co-workers will leave no stone unturned in securing this quota. The four banks of Richmond, as usual, are taking an interest in this drive, and are furnishing money to the publicity managers in order that the subject may be kept daily before the people. Let everybody get behind this great movement and put old Madison over the top.

## "Woman" Pleases Audience

At Opera House Monday Night Despite the inclement weather Monday night, a full house witnessed Maurice Tourneur's "Woman" which is booked for two days at the local theatres. The picture itself, like all productions of this character, brought out a great lesson to both young and old, and the efforts of Tourneur in bringing before movie fans a picture which would present a teaching of morals, has been accomplished in the presentation of "Woman". While the picture is without plot or famous movie stars, the omission of both has made little difference, and after one has witnessed the play it could not fail to instill into the hearts of men a greater respect and admiration of womanhood.

The scenes throughout the play were wonderful, each one seeming more beautiful, and the sunset thrown upon the canvass in the Garden of Eden scene, proved the wonderful accomplishment of man's effort, and the development of the motion picture camera.

Robert Curd, the 13-year-old boy who shot and killed his father, Owen Curd in Mercer county. During Col. Gaither's address he said the lad was "as much a hero as any boy who had fought in France for slaying the brute who was attempting to kill his mother." At this there was a noisy clapping of hands by the large crowd of spectators present.

DO you drink coffee or Rookwood coffee? There's a world of difference in taste and quality. Rookwood is sold by D. B. McKinney & Company. 175 6

We want your Spring Chicken—Nell's Fish and Oyster House. Phone 431 6t

President Coates to have rooms and board on the campus. The teachers will return Saturday, July 5th, ready for their work on the following Monday, when the Normal School will open.

President Coates to have rooms and board on the campus. The teachers will return Saturday, July 5th, ready for their work on the following Monday, when the Normal School will open.

## COMMANDERY BANQUET

The annual banquet of Richmond Commandery, No. 19, held in Masonic Temple Monday evening was one of the most delightful and brilliant events of the season. More than a hundred covers were laid for the Knights and their guests, at tables that had been beautifully decorated and de-Hooverized by a bountiful and elaborate menu that challenged the art of Lucullus. It was a real banquet, not a make-believe, in which there was an expanding sense of sufficiency under the drappings of soothing and digestive eloquence.

There were many visiting Knights and guests present from this and other counties, and the presence of the ladies added much to the brightness and pleasure and success of the evening. Sir Knight R. C. Boggs presided as toastmaster and introduced as the first two speakers of the evening, Sir Knights Robert R. Burnam and T. J. Coates, both of whom dwelt upon and beautifully portrayed the great principles of Knighthood and Christian chivalry upon which the Commandery is built, and large influence exerted by the Order of the Temple during the last thousand years.

Sir Knight Hoskins, of Beattyville, recently knighted, paid a glowing tribute to Richmond Commandery and voiced for himself and the visiting Knights present their cordial appreciation of the hospitality that had been extended to them.

The toastmaster then introduced Dr. Homer Carpenter as a guest of the Commandery not connected with any order, but as one known and beloved by all. Dr. Carpenter spoke briefly and happily of his admiration for the work and influence of this great fraternal order and expressed the belief and hope that its noble idealism would give to Masonry a large place and influence in world affairs in the reconstruction of today. After Dr. Carpenter's speech the festivities of this most delightful evening were closed with prayer by Dr. O. Olin Green.

## MORE GOOD WORK OF THE RED CROSS

The American Red Cross is about to distribute to the hospitals of the United States approximately 25,000,000 yards of gauze, such distribution being based upon data procured and recommendations made by the American Hospital Association. Inquiries have already been received from various hospitals as to this possibility of utilizing the services of Red Cross workers in making up this material into surgical dressings. Assisting the civil hospitals of the country in this manner is thoroughly in accord with the present policies of the Red Cross. "Chapter will be urged," says a report from Lake Division headquarters of the American Red Cross, to volunteer the services of their workers to local hospitals in making up materials supplied by such hospitals into the surgical dressings, hospital garments, or hospital supplies.

"By thus offering to hospitals the service of Red Cross workers the value of the contribution to be made will be greatly increased and the Red Cross will effectively demonstrate its appreciation of cooperation given during the stress of war."

These recommendations made recently in a letter from F. C. Monroe, General Manager of the American Red Cross at Washington, D. C., will answer the questions which have been asked from time to time as to what the Red Cross is doing with this materials not in use at the time of signing of the armistice.

## Important To Hog Shippers

Commissioner of Agriculture Mat S. Cohen is sending out the following valuable suggestion to hog shippers: I desire to call your attention to the suggestion from Mr. O. B. Livingston, of Madisonville, Ky., as to how he has been able to reduce shrinkage on hogs when shipping during hot weather. He stated: "Three times during the heated term of this summer in carload lots, I have reduced the shrinkage at least 50 per cent by the simple expedient of placing in each car with the hogs, three 100 pound cakes of ice upon the floor of the car at equal intervals. This ice costs 50 cents per 100 pounds and \$40 or \$50 per car can be saved by its use in preventing shrinkage in the weight of hogs." Try this simple suggestion for what it is worth. It may save you many dollars.

## TURLEY'S MEN PICNIC

## AT BOONESBORO

The annual picnic of R. E. Turley's big class of Sunday School men will be held this coming Thursday at Boonesboro beach. The members of the class will congregate on Second street, at the hour of 9 a. m., where automobiles will be ready to take them, and a gala day is in store for all. A splendid fish fry has been planned, and a day's outing for these men who compose one of the best classes in Sunday Schools in this section of the State, is a holiday well earned. Each member is urged to be on time Thursday morning, rain or shine.

## BANQUET TENDERED HIGHWAY INSPECTORS

Jake W. Herndon, of Madison, Presides As Toastmaster At Berea Monday Evening.

A beautiful banquet was tendered the members of the Dixie Highway, at Berea Monday evening, and some very eloquent and instructive talks were made by some of the biggest men in this country. President M. M. Allison Chastanooga of the Dixie Highway, Hon. John L. Shuff, former postmaster of Cincinnati, Hon. Carl Fisher, Vice President of the Dixie Highway in Indianapolis, and others who are inspecting the Highway, all gave glowing accounts of the progress made.

These gentlemen are making the trip from Cincinnati to Chattanooga, and are being royally entertained all along the way. It will be remembered that Hon. Carl Fisher, gave \$5,000 to Rockcastle to complete their appointment and is doing a great work as well as others, in giving their time in the interest of this wonderful improvement.

Mr. Jake W. Herndon, of Madison county, presided as toastmaster, at the banquet Monday evening, and those who were fortunate in Richmond to be included in the invitation say it was a banquet long to be remembered.

Those who motored from Richmond to Berea were Mayor L. P. Evans, Road Commissioner J. G. Baxter, County Judge Price, Judge H. C. Rice, Hon. R. E. Turley, and others.

The following detailed report of the Eastern division taken from "The Dixie Highway" will throw much light on the progress which is being made. The reports on the Eastern division of the Dixie Highway between Cincinnati and Knoxville were made the first order of business by the directors at their meeting. As a well surfaced highway is now provided from Detroit, Michigan via Toledo, Dayton, and Cincinnati, Ohio, Covington, Lexington, and Richmond, Kentucky, the reports were taken up from that point and the road conditions of each mile of the highway to Knoxville discussed.

From Mt. Vernon to Livingston, a distance of twelve miles, eight miles is macadam surfaced. State convicts went to work May fifteenth, completing the remainder. The county has the funds for this work. From Livingston, to Parkers Creek, 6.75 miles, there is on deposit in Lexington and Frankfort, \$91,000 to grade and drain this part of the highway. The contract has been awarded. Of this amount \$22,000 was provided by private subscription between Detroit and Chattanooga. Rodman Wiley, Kentucky State Highway Commissioner has given assurance that fifty per cent of Federal Aid and twenty-five per cent of State Aid will be furnished to surface this mileage.

From Parker's Creek to Pittsburg in Laurel county, a distance of 13.9 miles the grading has been completed. The State highway commissioner has agreed to give fifty per cent Federal Aid and twenty-five per cent of State Aid for surfacing of this section. From Pittsburg to London, two miles, the highway is surfaced with macadam. Of the next seven miles, and 600 feet, six miles is macadamized. The county has the funds and will complete this part of the highway just as rapidly as the materials are available. The next seven miles is an abandoned railroad grade which has been surfaced but needs resurfacing. The county expects to be in a position to do this before the year is over. The next two miles is a well surfaced road.

From Corbin which is on the Laurel-Whitley county line, according to County Judge J. C. Byrd, of Whitley county, the first twelve miles to Williamsburg is macadamized and has been accepted by the State Highway Department. The next eighteen miles has been graded, leaving three and one-half miles to grade. The State convicts are now at work on the grading. The abutments to the steel bridge at Saxton have been put in, the steel is on the ground and paid for. The county has left \$53,000 toward the completion of the highway. The State Highway Commissioner has agreed to give the county \$100,000 of Federal and State Aid with which to complete this part of the highway.

## TURLEY'S MEN PICNIC AT BOONESBORO

The annual picnic of R. E. Turley's big class of Sunday School men will be held this coming Thursday at Boonesboro beach. The members of the class will congregate on Second street, at the hour of 9 a. m., where automobiles will be ready to take them, and a gala day is in store for all. A splendid fish fry has been planned, and a day's outing for these men who compose one of the best classes in Sunday Schools in this section of the State, is a holiday well earned. Each member is urged to be on time Thursday morning, rain or shine.

One hundred men of the Kentucky Literary Association, are in Lexington for a two-day annual convention, which began Monday. O. H. R. of the National Association will be the guest speaker.
